NEW CHRYSANTHEMUMS FOR 1950

FROST KING

Visit Rocknoll's Trial Garden of New Foreign Chrysanthemums this Fall

We are growing some 30 new kinds of hardy Mums produced in Japan during the war, and some 25 kinds from Germany and Holland. See our trials of these in September and October.

The 3 New Mums for 1950

\$1.89

One each of Frost King, Golden Surprise and Fairies Spoons.

The 5 New Mums only

\$2.75

1 each of Frost King, Golden Surprise, Fairies Spoons, Talisman and Raggedy Ann.

FROST KING

63c Each 3 for \$1.50
\$5.00 dozen

A butter yellow anemone type Mum, that at a distance looks like a large button. It starts to bloom in mid-October, but because of its compact floral structure and absolute indifference to frost and freeze, it is still good through November.

GOLDEN SURPRISE

HURLEY

63c Each 3 for \$1.50
\$5.00 dozen

Among the very earliest taller Mums. Late August flowers are chrome yellow, full double and very bright.

FAIRIES SPOONS

OHIO HYBRID

\$1.00 Each 3 for \$2.00

A new spoon Mum of bright clear pink over 3 inches in diameter. This is a color badly needed in the spoon class. Grows 30 in. high. Blooms October 5th on.

New Mums Introduced In 1949

TALISMAN

OHIO HYBRID

63c Each 3 for \$1.50
\$5.00 dozen

So named because its color blend is like that of the Talisman rose, fusing tints of cerise, rose and yellow into a harmonious flower. The blooms open about October 1st, are fully double, the center yellow, the outer petals rose and cerise. Being an arctic daisy hybrid it is very hardy.

RAGGEDY ANN

OHIO HYBRID

63c Each 3 for \$1.50
\$5.00 dozen

In 1948 and again this fall many Mum lovers saw this flower in our test garden and spontaneously named it Raggedy Ann. The flowers are very informal, first opening, double, and a clear pink color, as the buds open, tan appears at the base of each petal and finally the yellow center is exposed. It is a robust plant in bloom by September 20th.

DECORATIVE POMPON MUMS

SEPTEMBER SHELL

CHIPPEWA—Large blooms 3 inches across of rich mallow purple. Starts to bloom about Sept. 10th.

42c Each 3 for \$1.00 \$3.50 doz.

Grow Mums of Greenhouse Size Outdoors

They have proven extremely hardy, unbelievably beautiful in colors and blends and above all have given the home gardener what he has wanted for years, a truly large flower, comparable to those grown in the greenhouse, that he can grow out of doors with ease in his garden. It must be remembered tho that all English Mums are not 6 to 7 inches across and that to produce large flowers most kinds must be disbudded.

DOROTHY McGUIRE—A nice bloom of soft bronze with pointed petals. Don't disbud. Makes a wealth of flowers on stiff wiry stems and needs no staking. Fine for cutting. Sept. 25th.

42c Each 3 for \$1.00 \$3.50 doz.

Time To Plant Hardy Mums—As the mums are late summer and fall flowering plants there is no great hurry in planting them in the spring. When you are ready to plant tomatoes, plant your mums.

Size Of Plants To Plant—A single division from a large clump or a well started and rooted cutting will make the best plant for satisfactory bloom in the fall.

Best Location—Any sunny well drained spot with fertile vegetable garden soil will grow good chrysanthemums.

Control Of Dead And Dried Up Stem Leaves—This control may be easily effected by summer spraying with 5% parathion.

INTERESTING BULBS

ACIDANTHERA MURIELAE

ACIDANTHERA MURIELAE

Beautiful new introduction from Western Abyssinia; tall rigid stems, 3 feet and more with many very sweetly scented large pure white flowers about four inches across with crimson maroon blotch. Excellent for cutting. Mid August-September. One of the best introductions of recent years, is easily grown in the open and requires the same treatment as the large flowered gladioli. We advise not to plant too early in spring, the soil must not be too cold. The flowers are never damaged by wind or rain.

ROCKNOLL'S SELECTED

ORANGE TRIUMPH LILY

L. CROBELLATUM

ORANGE TRIUMPH

A new hybrid lily produced in Holland recently by crossing L. Croceum with L. Umbellatum. The large erect flowers are orange-yellow, flushed salmon-orange and are carried on strong 3 to 4 foot stems. This promises to be a valuable addition to our early flowering lilies. Plant 4 to 5 inches deep in sun or partial shade. Blooming period June to July. Selected bulbs.

42c Each 3 for \$1.00 \$3.50 doz.

L. DAVIDI

The flowers are reflexed cinnabar-red in color, and resemble L. Wilmottiae in many respects. Plant in a sunny situation 6 to 8 inches deep in a friable soil abundant in leaf mold. July flowering.

50c Each 3 for \$1.39 \$5.00 doz.

LILIUM CENTIFOLIUM

A beautiful white lily flowering several weeks later than the Regal but like it in most respects. Very hardy and easy to grow. As this bulb does not come up as early in the spring as Regal lilies, they are not injured by late spring frosts.

50c Each 3 for \$1.39 \$5.00 doz.

BULBS

So many of our customers ask for a list of Tulips, Daffodils, Hyacinths, Crocus, etc., that we are including them in our spring catalog. Formerly we sent out a special folder in April and May on these, but for economy's sake we are making a special section in our catalog this year so — KEEP this Dutch Bulb section, as it is the only list you will receive this spring of them.

OUR REASON FOR THIS SALE

The biggest problem that confronts the importer of Dutch Bulbs is (How many to bring in.) If we can determine in the spring approximately how many bulbs we will need we can effect a great saving which we are more than willing to share with you.

WHAT YOU GAIN BY ORDERING FROM THIS SALE SECTION

First, a discount of 10% when payment accompanies order and 5% if order is to be sent to you C. O. D.

Second, the pick of the better bulbs that are in the first shipments.

Third, early delivery of bulbs and assurance of getting the varieties you order — not a sold out slip.

TWO WAYS TO ORDER THESE BULBS

1. By sending payment in full with your order less 10% of the total. For example — your order totals \$5.70. Deduct 10% or 57c and send us only \$5.13.

2. By ordering C. O. D. send in your order now, deduct 5% of the total. For example — your order totals \$6.00. Deduct 5% or 30c. Your C. O. D. order will come to you in the early fall for only \$5.70, C. O. D.

TIME OF DELIVERY OF DUTCH BULBS

Most Dutch Bulbs are ready for distribution in this country about September 20th and you will receive your PRE-SEASON order shortly after.

Some varieties such as Colchicum, Madonna Lilies, Fall Crocus will be sent to you earlier.

USE ORDER BLANK ON PAGE 56 to assure getting the proper discount for your PRE-SEASON order. Be sure to use the PRE-SEASON Sale Order Blank on Page 56.
